Overview Of Headset

How To Use

User Manual

Power on: Open the charging case, the headset will turn on automatically / long touch the MFB 3 second.
Power off: Put earbuds into the charging case and close, turn off automatically / unconnected device, touch the MFB button for 5 seconds.
Earphone pairing: the left and right earbuds are paired automatically, it is unnecessary to pair.

Pairing

Single Earbud Connection

1. Take out one earbud from charging case.
2. Turn on bluetooth of mobile, find pair name "AWEI T29 Pro", click and connect. (When the earbud and phone connect successfully, white light continuous flashing and you could also hear prompt tone "Connected".)

Two Earbuds Connection

1. Open the charging case, earbuds will connect automatically, Master earbuds' green and white light will flash alternately and earbuds start to enter pairing status. (Now earbuds are in pairing and you could open phone or connect other Bluetooth devices.)
2. Open phone or other Bluetooth devices, search "AWEI T29 Pro", click it and connect. (when Bluetooth paired successfully, you will hear "connected")
3. Re-connect automatically: It will re-connect automatically to paired devices. (Premise is that devices' Bluetooth is on and earbuds paired record still exist.)

How To Use

Note:

1. These two earbuds already be paired before delivery. So when you get earbuds, it is unnecessary to pair two earbuds by yourself.
2. If both earbuds cannot be automatically paired (i.e. two earbuds are flash green and white lights alternately at the same time), put the left and right earbuds into the charging case and then take them out. The left and right earbuds will be automatically paired without any other operation.
3. When TWS connect successfully, "L" earphone white indicator flashes slowly, "R" earphone green and white light alternately flashing. Then it's available to connect with mobile. (If pairing is not successful, please put back earphones to charging case and repeat above instructions)

Note:

1. When your earbuds are connected with phone and you find one earbud no sound, you could turn off bluetooth on phone and put earbuds back to charging case. Then take them out again, these two earbuds will paired successfully within 10 seconds, and only white light continuously flashing.
2. If the earphone or signal light does not respond, please press MFB for 8 seconds to reset
