How To Use

Note:

1. When this device leaves the factory, both ears are paired, so when you receive the headphones (two), you only need to take them out of the charging compartment to use.
 2. If you encounter a situation where both ears cannot pair automatically (i.e. the ice blue lights are flashing at the same time), put the left and right earphones into the charging compartment and take them out. The left and right earphones will be forced to pair automatically without any other operation.
- After successful TWS pairing, the main earphone's ice blue light/white light flashes alternately. At this point, you can connect your phone for use. (If pairing is unsuccessful, please put the earphones back into the charging compartment for resetting before taking them out for operation).

Note:

1. If there is no sound from one earphone after connecting the phone: please turn off the Bluetooth of the phone, put both earphones back into the charging compartment, and then take out the two earphones from the charging compartment to turn them on. After 1-10 seconds, the two earphones are successfully paired and the ice blue light will flash once.
2. If there is a crash and the light is stuck, press and hold the multifunction button for 8 seconds to reset.
