How To Use

Operating Instructions

Power On: Take the earbuds out from the charging case and they will automatically turn on.

Power Off: Put the earbuds back into the charging case and they will automatically turn off.

Earphone Pairing: The left and right earbuds will automatically pair with each other without any manual operation.

Bluetooth Pairing

Single Earbud Connection

1. Take out only one of the earbuds from the charging case.

2. Turn on Bluetooth on your phone, search for "AWEI OWS T98" and click to pair and connect. (After successfully connecting to the mobile phone, you will hear the prompt tone "Connected")

Double Earbuds Connection

1. Take out the two earbuds out from the charging case. With the white and ice blue lights will flash alternately, the earbuds are automatically turning on and connecting to each other. After the connection, the master earbud will flash white and ice blue lights alternately. It will automatically enter pairing mode. (Indicates that the device is in search mode, You can turn on your mobile phone or other Bluetooth device to connect.)

2. Open your phone or other Bluetooth device, search for "AWEI OWS T98", and click on your phone to pair and connect. (When pairing is complete, you will hear "Connected")

4

How To Use

3. Automatic reconnection: It will re-connect automatically to paired devices. (Premise is that devices' Bluetooth is on and earbuds paired record still exist.)

Note:

1. The earbuds are paired with each other at the factory, so when you receive the earbuds (two), you only need to take them out from the charging case to use.

2. If the two earbuds fail to pair automatically, put the right and left earbuds back into the charging case, close the cover, and then take them out again. The left and right earbuds will forcibly pair automatically without any other operation.

3. After successful pairing, the master earbud's white and ice blue lights flash alternately, and you can connect to your phone for use. (If the pairing is unsuccessful, please reset the earbuds by placing them back into the charging case before taking them out again for operation).

Note:

After connecting to the phone, If one earbud has no sound, Please turn off the Bluetooth on your phone, put both earbuds back into the charging case, then take both earbuds out from the charging case in the turned-on state. After 1-10 seconds, the two earbuds will successfully pair, with the master earbud indicator light flashing rapidly and the slave earbud flashing blue light every 5 seconds. and then follow steps 1-2 to connect to the mobile phone.
